WEDDING

MOSS - HYDE

A wedding of much local interest was solemnized Friday, September 1st, in St. Michael and All Angels' Church, Strathmore when Casilda Violet, only daughter of Mr. and Mrs. S. Hyde, residents of Strathmore for some thirty odd years, became the bride of L. A. C. John Crawford Moss son of Mr. and Mrs. Moss of Scarborough England, with Canon T. B. Winter performing the ceremony.

The floral decorations of St. Michael's Church were exquisitely beautiful, the artistic work of Mrs. Percy Wright and Mrs. Ian MacKenzie. The shades of pale pink and deeper rose in the sweet peas, gladioli and hollyhocks blended perfectly with the dresses worn by the bride and bridesmaid.

The bride made a very winsome picture as she proceeded up the aisle on the arm of her father. Violet chose for the occasion a misty rose ensemble in Redingote style, the coat beautifully embroidered in the same shade. She wore a small cloche hat with shoulder length veil. Her corsage was of white gladioli with centres of pink rose buds.

Miss Waterman, a life-long friend of the bride, was bridesmaid and wore a smart two piece dress of dusky rose and black accessories. Her corsage was Tulliaman roses.

The bride's mother wore a very becoming gown of aqua marine, embroidered in same shade, small white hat, white accessories and a corsage of Sweetheart roses.

The groom, L. A. C. Moss, best man L. A. C. Cliff Collingwood and ushers Cpl. N. Barlow and L. A. C. R. Ambler were all in R. A. F. uniforms all friends at present stationed at Moose Jaw.

Following the ceremony the bridal party and guests, numbering about thirty-five motored to the home of the bride's parents where the wedding reception was held. Streamers of pink and white centred with large white Wedding bells, with miniature aeroplanes suspended from the bells, created a festive atmosphere.

The bride's table was centred with a beautifully ornamented three tiered wedding cake, flanked by white tapers in tall silver candlesticks and small bouquets of pink sweet peas. Vases of lovely pink gladioli filled every spare space.

Presiding at the Tea and Coffee urns were Mrs. Waterman of Calgary and Mrs. Freeman, they being later relieved by Mrs. Barlow and Mrs. O. Wright.

A unique and interesting feature was that Mrs. Waterman had been bridesmaid for Mrs. Hyde on the occasion of her marriage, and now Miss Waterman renders similar service for Mrs. Hyde's daughter.

An abundance of choice refreshment were partaken by all. Rev. T. B. Winter in very happy vein proposed the toast to the bride, whom he had confirmed and now today officiated at her marriage.

The groom responded briefly but

WEDDING

MINER - KLINGBIEL

The marriage of Cpl. Donald Harry Miner R. C. A. F., only son of Mr. and Mrs. Walter Miner of Keoma, Alberta and Miss Marjorie Klingbiel, only daughter of Mrs. Opal Klingbiel and the late F. W. Klingbiel of Vancouver was solemnized in the Sixth Ave. Tabernacle, Vancouver August 19th, 1944, the Rev. H. E. Robinson officiating.

The bride chose for her wedding a very becoming suit of gray, small red hat, and red accessories. She wore a corsage of Gardenias and red rose buds. Miss Eunice Hanson was bridesmaid. She wore a smart gray suit, with black and white accessories and a corsage of pink carnations.

Cpl. Robert Murphy R. C. A. F. of Winnipeg, but at present stationed at Vancouver was best man.

Following the ceremony a reception for immediate friends and relatives was held at the home of Mrs. Arlene Cassels of Vancouver where felicitation were extended and a buffet luncheon served.

The bridal party left later by train on their honeymoon, which they are spending with the groom's parents Mr. and Mrs. Walter Miner of Keoma.

Cpl. Miner is a grandson of Mr. H. Miner, a highly respected pioneer resident of Cheadle and Strathmore, and a host of friends will extend hearty good wishes to the young couple for a long and happy married life.

MR. SAUDER IS IMPROVING

We are pleased to report that Supt. P. M. Sauder's shoulder is improving to the extent that he has now been able to discard the arm splints and support. He expects to be able to return home during the next two weeks.

ably and was proud to have Violet as his bride.

A number of congratulatory messages were received from the groom's parents, brothers, sisters and other relatives from Scarborough, England. These were read by L. A. C. Collingwood.

During the evening Miss Waterman who has on previous occasions delighted Strathmore citizens with her singing sang in charming voice, "I Love You Truly".

Several songs were also given by the four young comrades in Arms, who were all gifted with good voices. Cpl. Noel Barlow acting as pianist.

The bride was the recipient of a very large and lovely array of gifts from friends far and near.

The honeymoon will be spent in Calgary. For travelling the bride wore a beige colored topcoat with matching wolf collar over her wedding ensemble. They will return to Strathmore for a few days.

L. A. C. and Mrs. Moss will then go to Victoria where the bride will rejoin her R. C. A. F. (W. D.) Unit and the groom will return to his post in Moose Jaw for the present.

Their many friends extend all good wishes for a very happy future.

NATIONAL DAY OF PRAYER

Sunday the National Day of Prayer and Intercession to Almighty God was celebrated in Sacred Heart Church by Mass at 10 o'clock, followed by Exposition of the Blessed Sacrament during the day and closing with the Holy Hour at 7.30 and Benediction of Blessed Sacrament. A large number of parishioners visited the Church during the day.

The Sacred Heart Choir journeyed to Carleton Place where they assisted the pastor in singing the High Mass at 11.30 a.m. A large congregation was present on this 5th anniversary of the war.

DALROY TEAM WINS PROVINCIAL CROWN

TAKES TITLE FOR THIRD YEAR

Before one of the largest baseball crowds in years, Eric Lauritzen's Dalroy Beareats won the intermediate "A" provincial crown for the third consecutive season by defeating the Edmonton Canadians two straight games at Keoma Sunday, winning the first 3-0 and taking the second contest 17-5.

Milgate, hurling both games for Dalroy, turned in a fine mound performance and held the losers scoreless for eight innings. Sherman, for the Beareats, hit the only homer of the two contests in the seventh inning of the second game.

In winning the cup three years straight, the Beareats may now keep it.

COMING EVENTS

The regular meeting of the Sorosis Society will be held Wednesday, Sept. 13th, at 8 p.m. at the home of Mrs. Nicholl. A good attendance requested.

Respected Citizen Passes

Wednesday evening at his home George Samuel Robinson, aged 80, passed away quietly after an illness extending over two years.

Mr. Robinson was born in Westminster London in 1864. He came to Canada in 1919 and resided in Empress, Saskatchewan for some years. He then moved to Banff where he lived for six years later coming to Strathmore district where he has lived for the past 19 years. He engaged in farming until the last few years when he and his wife retired to Strathmore.

In England he was employed in Army Outfitters.

He held the high respect of all who knew him. He and Mrs. Robinson have been faithful members of St. Michael and All Angels' Church.

He is survived by his wife Mary and a sister Mrs. W. Wilkinson of Strathmore. Fred Wilkinson, a nephew, who enlisted in the R. C. N. V. R. in the early years of the war, lived with the Robinsons. He has been stationed at Halifax of late, and may possibly have been one of the recent convoy arriving in England. Funeral arrangements are awaiting word from Fred, should he still be in Canada.

Funeral arrangements are being made by the Strathmore Legion together with Melnick and Holloway and will probably be held Saturday from St. Michael's Church. Internment will be made in Strathmore Cemetery.

The sympathy of the community is extended to his wife and other relatives.

THE 'OUT-SIDE'

JOE CITIZEN SAYS—

I'd surely like to pack my grip and start off somewhere on a trip. The family would like it too—this "staying put" the whole year through.

gets tiresome. Folks do like to range in pastures new and have a change. For health's sake there is none denies a holiday is often wise.

Morale it certainly improves and gets us out of ruts and grooves. But this year homes' the place for us all agreed without a fuss.

our wanderlust we would restrain and clutter up no crowded train. Besides the money we would spend on holidays, we ought to lend to help to make the war-bond drive a success. And we'll all survive although we never idly roam until the troops are safely home.

● With an objective of 42,000, Alberta druggists will open an intensive war saving stamp drive today. The campaign is part of a national effort by druggists to raise \$600,000 in war savings stamp sales during September by enrolling two million new members in the "25 Club". Alberta's objective can be achieved by enrolling 140,000 new members in the club.

● Archie McTeer, one of Calgary's most versatile athletes, who played football and hockey and also officiated in these sports, has been promoted to the rank of major overseas. He has been in the Italian campaign.

CHANCELLOR

—By Mrs. J. M. W.—

OTTAWA LETTER

REFORM PLANS WIN APPROVAL FOR LIBERALS

OTTAWA—The federal political outlook assumed more solid shape following the sweeping victory of the Liberal government of Premier J. B. McNair in New Brunswick. The administration there was returned with 36 seats, seven more than in the 1939 provincial election, while the Progressive Conservatives elected only 12 members and the C. C. F. failed to capture a single seat. The results were bitterly disappointing to the Progressive Conservatives who considered the Maritimes good ground for gains. The setback given the C. C. F. was equally devastating despite the fact that M. J. Colwell, national C. C. F. leader, campaigned vigorously throughout the province for his party.

Will Ask Mandate To Effect Far-reaching Reforms—

Though provincial issues differ from national platforms, provincial election results give some idea of the trend, on this criterion the Liberals are well in the lead. It is believed at Ottawa that the vast program of economic and social reforms brought in by the King government this session weighed heavily with New Brunswick voters and was a big reason for the elimination of the C. C. F. bid in that province. That party has been capitalizing on the irritations of war restrictions and the danger of another depression. The war has now reached a stage there many visualize early lifting of many war regulations and the thorough measures inaugurated by the federal government are being increasingly understood as the best assurance of postwar prosperity and a high standard of living in Canada.

Mrs. Bill Kapaniuk of Calgary is visiting her parents Mr. and Mrs. A. Hegel.

Kay and May Nielsen have returned from a holiday with their grandma at Namaka.

Rosie Hnatuk entertained her young friends at her birthday party on Saturday.

Mr. and Mrs. L. Ricard and Mr. and Mrs. G. Green were dinner guests at the Leishman home on Sunday.

Cast. Fred Wheatley R. C. M. P. of Sudbury Ont. is expected home on leave next Thursday.

Deanna Humphries and Arlene Vockorth of Drumheller are visiting Mrs. A. J. Strom.

voters and was a big reason for the elimination of the C. C. F. bid in that province. That party has been capitalizing on the irritations of war restrictions and the danger of another depression. The war has now reached a stage there many visualize early lifting of many war regulations and the thorough measures inaugurated by the federal government are being increasingly understood as the best assurance of postwar prosperity and a high standard of living in Canada.

POST-WAR AND THE FARMER

ELECTRICITY ON THE FARM

Electricity on the farm has been part of the dreams of farm folk. There is no good reason why electrification of the farm should remain a mere dream to many prairie farm people, if they will begin now to plan, and, by saving, to provide for it. In all three prairie provinces governments have given evidence of their intention to encourage and assist in farm electrification. Private distributors of power and of electrical appliances are looking to the farm market which they hope will open up when materials become available again. If governments, manufacturers, and distributors are ready to do their share, the rest is up to the farm people themselves. They can start now to set aside the capital which will be required to put electricity to work in the home and on the farm.

In Manitoba and Alberta, where well-developed transmission systems already exist, active preparations are underway for the building of farm distribution lines in the postwar years. The Manitoba Electrification Enquiry Commission recommended the construction of lines to serve 25,000 farms in that Province. Since then the Manitoba Power Commission has been proceeding with surveys to locate farm lines, and with such extensions as the shortage of materials has permitted. In Alberta, farm electrification is receiving the close attention

of the newly formed Power Commission; and the private utilities are constructing three test areas this summer. The first poles are up to serve 65 farmers in one locality; and, materials and labour permitting, more than 200 farm homes will have electricity before freeze up. All this activity suggests that, when the war is over, many farms, in areas where sufficient concentration of farms can be found, will have the chance to connect to farm power lines.

In some areas in each of the prairie provinces towns are so far apart, and distances between farm buildings are so great, that the building of transmission and farm distribution lines is not a practical possibility. This is where the individual farm plant has its place. Most of the prairie farms now electrified have their own plants driven either by gasoline or wind; and the farmers who own these plants are well pleased with the service they get from them. Of course they would like to get power of the line, but that is because they have already experienced the advantages of electricity on the farm.

Whether farms are to be served from the power line or by the farm plant, it will be necessary for the farmer to wire his buildings and to purchase electrical appliances. Wiring costs will vary greatly between farms. Initial costs for wiring might average from \$150 to \$200 per farm. The cost of equipment depends on the

nature and number of appliances installed, and will range from a small amount for lights only to an investment of several hundred dollars in equipment for farm and home. The larger the amount spent on appliances the greater the benefits secured, and the additional energy costs are small.

If farms are connected to power lines most, if not all, of the construction overhead will probably be charged in the minimum monthly bill; and the farmer will not have to invest his own capital to get energy. On the other hand, if the farm is to be electrified by the individual plant, the farm will have to purchase the plant and batteries. Reliable plants offered on the market vary considerably in capacity cost, and the service they will provide. It is possible to get a small plant which will light a few bulbs but nothing more. However, most farmers who have small plants wish they had larger ones. Plants and batteries large enough to give satisfactory service might cost from \$400 to \$700.

Many farmers could not find the necessary investment out of the returns from a single crop, and even if they could the materials and appliances are not available to do the job now. Many farmers if they would start saving now — buying Victory Bonds and war-marking them for this purpose — would have enough accumulated to electrify their farms when the opportunity arises.

Christmas Gifts for Overseas Forces

SEPT. 15th. — OCT. 25th.

"Do not open until Christmas". That exciting phrase should soon be making its appearance on parcel mail. Postmaster General William P. Mulock advises that it is time to make plans for Christmas gifts a part is to seas. The Christmas mailing period this year is—

September 15th. — October 25th.

Naturally parcels sent to those serving in the more remote theatres of war should be sent the earliest. Suggested "deadline" mailing dates are: SEPTEMBER 15th. — The Far East, India, Burma, Ceylon, etc.

OCTOBER 5th. — The Middle East area - Egypt, Iran, Iraq, Syria, etc.

OCTOBER 10th. — Central Mediterranean Forces.

OCTOBER 25th. — The United Kingdom and France.

In view of the rapid progress of the war these dates might possibly be subject to change.

Last Christmas season (Oct. - Nov. ec.) over 12,000,000 lbs. of parcel mail alone were despatched on the Forces Overseas from Canada. This year an even greater volume is expected. Remember that cargo space is still at a premium. Bear in mind this year that the mail must travel greater distances - many of our troops are farther afield - on different fronts fighting under the conditions of mobile warfare - plenty of time must be allowed between mailing and delivery. Picture the chaos if everyone should wait till the last minute to mail.

A suggestion to further help our boys and girls on Active Service receive their gifts from home is to vol- on the size of the package, even though the maximum weight at the special rate of 12 cents per pound is 11 lbs. This will enable authorities to ship a greater number of parcels in the cargo space available.

The bitter disappointment caused

by late arrival of Christmas gifts can be spared our Fighting Services too if citizens will give the most careful attention to correct addressing and proper packing.

Persons who MAIL EARLY FOR CHRISTMAS to the Armed Forces Overseas can rest assured that the authorities will do everything possible to make delivery on time.

Line Elevators Protest Barley Export Ruling

Protest has been lodged with the Government by the Line Elevator Companies against an order of the Feeds Administration prohibiting export of barley below grade 3 C. W., in a wire forwarded to Hon. J. G. Gardiner, Minister of Agriculture, by R. R. Emerson, President of The North West Line Elevators Association. It is contended that the order is detrimental to western farmers as the order will result in farmers being denied the opportunity of obtaining the premium for malting barley.

For that shiny glaze on rolls, brush them with egg beaten and mixed with milk or water, just before putting them in the oven to bake.

KITCHEN KINKS

Chill not only cream or evaporated milk several hours before whipping, but include the bowl and beater in the chilling process. Lemon juice can be added to insure more permanent stiffness when the flavor is suitable to the food with which the whipped milk is to be combined. Use 2 tablespoons of lemon juice for each cup of milk.

For fluffy, good-eating baked potatoes, let them stand in hot water for 15 minutes before putting them into the hot oven. This prevents the skin from drying out and causes starch cells to burst quickly—both of which make a good, mealy potato.

When you top a pie with a meringue, be sure to cool the pie first, to prevent its becoming watery. To prevent shrinking, spread meringue to edges of pastry so it has something to cling to during baking. Bake the meringue in a moderate oven for 15 to 20 minutes.

If you would have good coffee or fine flavored tea, let the cold water run from the tap for several minutes before adding it to the ground coffee or before boiling water for steeping tea.

To freshen left-over dinner rolls put them in a paper bag, fold down top, or use a tight covered pan and set in a hot oven for about minutes. If the rolls are dry, dampen with a little water when putting them into the bag.

Scandinavian Sandwiches

1 tin sardines, 1½ tbsps. lemon juice, 1 tbsps. mayonnaise, 1-2 cup sliced radishes, dash of salt.

Drain the sardines, mash and mix with the lemon juice, salt and mayonnaise. Spread on bread and cover with the radish slices.

GLENCAIRN

Nails are Tire Hazards

WHERE do they all come from? What? Why nails on the streets. People are warned not to burn boxes with nails in them to prevent nails in ashes — yet many — far too many nails find their way into the streets. They are a tire hazard! — and in these days of tire problems and scarcity the danger is all the greater.

Carelessness in this line should not be tolerated.

Berta Vale-Serviceberry
Women's Institute

The regular meeting of the W. I. was held at the home of Mrs. J. Godfrey on August 31st. Roll call was "Harvestime Savers". All articles were turned in for the ditty bag and Mrs. Morton kindly offered to take them home and pack them, with the help of Mrs. Way. A handkerchief sale, together with a cup and saucer donated by Mrs. Way, netted the sum of \$7.55. Tea was served to eleven members and five visitors.

The next meeting will be held at the home of Mrs. J. Dazant on Sept. 11th, and each member is requested to bring an article for the ditty bag will be filled at the meeting.

The Nightingale and Berta Vale-Serviceberry Institutes held a joint special meeting at the Nightingale Hall on Tuesday, August 8th. Miss Hogg was present and gave a very interesting talk on dry cleaning and

FOOD FOR THOUGHT

We have lived through another year
Filled with a hateful war,
That's one of the many things
That we all can be thankful for.
We still have our faith in our fellow
men

And cherish our ideals of living,
And that's more than men in other
lands

Can say on this Thanksgiving.

Our loved ones at home are safe
From bombers and shells and tanks,
Is anything more dear to a man
For which to give his thanks?

The tides of battle have turned our
way

And we're on the winning side,
While those who would rule the world
with fear
Must give thanks for a place to hide.

Each of us in his own small way
Has something to be thankful for,
Some little thing that is close to us
Though far from our homelands
shore.

So, when the war is over
And entered in history,
We'll be thankful for the role we
played

In America's Victory. — AS.

home decorating. There was plenty of discussion on both of these topics and many useful items were noted for future use. A delicious tea was served at the close of a pleasant social hour. Mrs. Malleau of Maple Creek Mother of Mrs. Leonard Hilton was a very welcome visitor.

LANGDON

— By M. E. M. —

Miss Mary Bishop, who was in a Calgary hospital for nearly a week after attending classes at U. of A. for six weeks, is able to be home and will soon be fine again.

A number of Langdon people attended the Model-T races in Calgary on Labor Day.

The Women's Institute met at the home of Mrs. T. M. Forster on Wednesday with Mrs. Whitney assistant hostess. Seven filled ditty bags are being sent to the Navy League as Christmas gifts.

Mrs. Edith Wilson and two boys of Calgary were week-end guests at the home of her parents Mr. and Mrs. W. D. Braden.

Mr. and Mrs. O. Carlson of Illinois U. S. A. are visiting at the home of her brother, Mr. C. Wenstrom for several weeks.

United Church services will be held on Sunday evening at 8 o'clock on Sept. 10th.

RURAL GLEICHEN

The Blood Donors Clinic will be held in Gleichen Sept. 12th. Will all who can donate please get in touch with Mrs. P. Deshayes. This is a movement very worthy of our support.

Mrs. H. Perry and two girls returned to her home in Nordegg after several weeks visit with her parents Mr. and Mrs. S. Hall.

Monday of last week was Jimmy Sammons eighth birthday, and a number of his little friends gathered to help him celebrate. The usual sports and games were the pastime of the afternoon and a delicious lunch, and the opening of the gifts brought the happy day to a climax. All departed hoping to meet with him next year. Joan Day came home to spend the weekend with her parents Mr. and Mrs. H. J. Day.

Lucille Bell is visiting her parents Mr. and Mrs. G. Bell over the long weekend.

Mrs. W. Nunn and Wayne, and Leonard Quinell returned from their visit in the States. John Repp remained for a while longer.

Mr. and Mrs. Stan Cunningham and daughter Joan visited a few days with Mrs. M. Gillespie.

Hazel Cunningham who has been assistant agent for the C. P. R. at Stettler is spending a weeks holiday with her parents Mr. and Mrs. Cunningham. Hazel has received a trans for to South Edmonton.

Mr. and Mrs. B. D. Hayes visited several days last week with Mrs. R. S. Robinson at Turner Valley.

We are indeed glad to hear that Mrs. J. Robinson is well enough to return to her home. We hope she will soon be completely recovered.

Mrs. J. MacMullen returned last week from a two weeks visit with relatives at the coast.

E. R. A. Ryland Oliver is spending a short leave with his parents Mr. and Mrs. R. D. Oliver. Ryland has been stationed at Halifax.

Mrs. C. Lijja and son Dennis came Tuesday to visit her sister Mrs. L. Lijja. Mr. Lijja came for the weekend.

Mrs. F. Habbe had her tonsils removed in the Bassano hospital last week. We are very sorry to hear she developed a heart condition and will have to remain in bed for some time. We wish her a speedy recovery.

Doris Cunningham, who is attending business school in Calgary came home

Weekly Editor Sees Ottawa

Government injunctions to conserve gasoline by curtailing non-essential driving of motor vehicles is no idle talk as there exists a critical shortage in the light of war necessities. It is well to know that Canada's greatest source of crude oil, the Alberta Turner Valley field, is producing 4000 barrels less daily than a year ago. Sixty per cent of our imported crude oil has to come by ocean tanker. The needs of aviation gas, for example, jumped from 5.5 million gallons in 1939 to 176 million gallons for the

DO YOU NEED CASH TO FINANCE FARM OPERATIONS?

LOANS are readily available at The Royal Bank of Canada to any responsible farmer in need of ready cash to finance farm operations. Such loans are continually being made by this bank for the purchase of seed and fertilizer, livestock, farm equipment, breeder cattle, to meet seasonal labour costs and for other productive purposes.

When you need cash to finance your farm operations, make a practice of discussing your requirements with the local Manager of The Royal Bank of Canada. He will be glad to explain the simple conditions under which such loans are made and the convenient methods available to you for repayment.

year ending March, 1944. Our Royal Canadian Navy uses 2 million gallons of oil a week; it takes 10,000 gallons to move an armoured corps five miles and on top of this, just realize the needs of industry and agriculture; truly a staggering amount when totalled. So plain joy riding is not justified.

In the urgent appeal to nurses engaged in other occupations to return to nursing in hospitals, where a serious shortage exists, a certain policy has been laid down by National Selective Service. Nurses willing to return to hospitals will be entitled to reinstatement in their present employment when the emergency passes supplementary allowances in the way of temporary advances for living expenses and uniforms will be granted; transportation to and from position without cost to the nurse and payment for the time lost in travelling; extra compensation for suffering any loss in earnings in rejoining the profession. Other information can be obtained from Selective Service offices.

Six hundred carloads of supplies have been produced in the factories of a prisoner-of-war internment camp near Montreal in the past twelve months. The articles produced, including stretcher carriers, hospital chairs, naval lockers, doctors' gowns and masks, hospital pyjamas, etc., are all products not used directly in the prosecution of the war. In the boot repairing shop, shoes are repaired — a quantity of which, ironically enough, will go overseas to countries occupied by the Allies. The internees are chiefly German seamen captured by Canadian naval units.

HOW'S YOUR GEOGRAPHY?

—(By J. N. Clifford)—

(A) The largest single country on the face of the globe is—

1. China.
2. United States.
3. U. S. S. R.
4. Canada.

(B) If you travelled directly east from Boston, which of these cities would you come nearest to meeting?

1. London.
2. Paris.
3. Berlin.
4. Madrid?

(C) Tasmania is—

1. A province in southern India.
2. An independent country in East Africa.
3. An island off southeast Australia.
4. One of the East Indies.

(D) On June 21st the sun is directly overhead at which of these places—

1. Tropic of Capricorn.
2. Equator.
3. Tropic of Cancer.
4. Arctic Circle.

(E) Mocha is—

1. A desert town in north Africa.
2. A town in Arabia.
3. An island north of Brazil.
4. A river valley in the Belgian Congo.

CLUNY

—By A. E. C.—

Quite a number of Cluny people attended the dance at Hussar last Friday night and report a very good time.

Mrs. Ronald Clark spent Wednesday Thursday and Friday in Calgary.

Mrs. H. Harrison spent the weekend at the home of her parents. Mr. Snideman and Dorothy Moss returned to Calgary with her.

Miss Thora Clark of Calgary spent the weekend in Cluny the guest of Mr. and Mrs. W. Somerville.

Misses Audrey and Elsie Jones spent several days visiting at the LeRoy Koefoeds.

Miss Barbara Haymond left on Tuesday for a vacation at Watts and Drumheller.

Gravelling on the road north of Cluny is going ahead at a very good rate and will surely be appreciated by the farmers north of town.

NIGHTINGALE

—By Mrs. F. H.—

We are pleased to report that Mrs. Farr Sr. is improving in health. She is visiting a sister at the coast and enjoying a holiday.

Mrs. P. H. Hildahl and Beverly are spending a week in Calgary at the home of her sister, Mrs. Downey.

Thor Larson and Frank Smith arrived last weekend to help with harvest work.

Harry Trollope came down from L. T. S. at Edmonton for the week-end at home.

Miss Elsie Larson of Calgary spent the week-end at home.

Mrs. Morton Hamar, a former resident of this district, spent a few days

Banlett Insurance Agencies 710 - Lancaster Building or phone M.5660.

IN MEMORIAM

In loving memory of our Mother, Mrs. Peter Smittin, who passed away September 12th, 1943.

"Though her smile has gone for ever,
And her voice we cannot hear;
We shall never lose the memory
Of the one we loved so dear.

Inserted by her two daughters, Mrs. Foss of Standard and Mrs. Pawkes of Namaka and their families.

By
DR. K. W. NEATBY
Director
Line Elevator Farm Service

Better Farmers

Just over a year ago, we drew the attention of our readers to the agricultural courses offered to farm boys and young men in the three Prairie Provinces. We emphasized the wide variety of skills that are essential to successful farming, and pointed out that with many of these can be acquired on the farm, many others are developed much better and more quickly through special training at agricultural colleges and schools. If any reader doubts this statement, let him consult a graduate of the School of Agriculture, Olds, Alberta, or one of the farm schools connected with the Universities of Saskatchewan or Manitoba.

It is significant that discussions of post-war agriculture, by government bodies, almost without exception, emphasize the necessity of increasing the facilities for training prospective farmers. Many farm organizations have expressed similar views.

The young man who decides to devote his life to scientific research, teaching or extension must take a university degree. This usually involves Grade XI or Grade XII entrance requirement and four university terms extending from the end of September to the latter part of April. For various reasons, many farm boys will never consider enrolling in the degree course and, consequently, shorter, more practical courses are open to any farm boy 16 years or over in each of the Prairie Provinces. These shorter courses extend over two terms of about five months each.

Enquiries should be directed as follows:
Dean of Agriculture and Home Economics, University of Manitoba, Winnipeg, Manitoba.
Dean of Agriculture, University of Saskatchewan, Saskatoon, Saskatchewan.
Dean of Agriculture, University of Alberta, Edmonton, Alberta.
Principal, School of Agriculture, Olds, Alberta.

"When this vacuum flask is filled it will keep things hot for you indefinitely," remarked the salesman to the tired-looking little man at the counter.

"No, thanks," he replied, retreating hastily, "I married something like that."

IN MEMORIAM

COLLISON—

In loving memory of Daddy and Mother, James H. Collison who passed away, August 14th, 1939 and Annie Collison, who passed away September 6th, 1943.

"I will go ever crying down the winds
With slender songs that stir old ghosts,

Hoping that in the darkness someone
minds . . .

And stay's a bit to listen and weep.
I will pluck magic from the silver strings

That form the fragile lute of memory. . .

I will go searching for forgotten springs,
When love was fresh and grief was yet to be.

I will find lanes that ever twist and turn.

I will find Inns that beckon in the night,

I will go seeking where the torches burn,

And where the moon mist turns my pathway white.

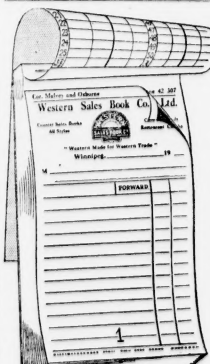

And if my fate is good, my fortune rare . . .

Somehow, I feel that I will find you there.

Pearl and Jim.

FAMILY BONUSES, THE REAL PROBLEM

—By R. J. Beachman—

As we glimpse the shape of things to come, we must face certain realities. We are rapidly depleting our resources. The soil is becoming poorer, we are robbing it of its capacity to produce. Erosion is taking its toll. We have not even faced the problem.

Our forests are becoming depleted, we are doing little to restore them. We are not developing the new mines we ought to develop because we find that few people have become rich through mining, so we hesitate to give the average man a chance. We are more afraid of the old man becoming rich than of the average man remaining poor.

As an alternative to some of the social legislation we are proposing, we should first lay the foundation for the expansion of our national income. We seem anxious to leave to prosperity all kinds of social gadgets but forget that a higher income will be necessary to pay for them. We assure that any problem can be solved by money from home while we strive desperately to increase the price of commodities the people must buy. This is still a young nation. Its future depends upon the development of new resources, the expansion of existing ones and the increase in our productive capacity.

I suggest therefore that we turn in that direction and that we give some thought to the following problems—

(1) The restoration of agriculture through improvement of methods and by the more efficient use of available land.

Farmers are on farms which fail to give them a decent income. Other land, more capable of production, is lying idle. Our problem is to get the farmer capable of constructive work back on farms which will give them an opportunity to produce.

In many cases farmers are now living on farms which, under the new conditions, constitute too small a unit for successful operation. The problem involved is one of providing the capital which will enable a man to work a larger farm and thus become a farmer with an income whereas under present conditions it is simply a case of survival on the barest possible minimum.

We need also research in farm problems on a wider scale than we have ever had before. Research in problems of plant breeding, animal feeding, the use of fertilizers and the cultivation of land. This is an investment which would pay right from the start in the lowering of costs, the greater efficiency of operations, in higher agricultural income.

(2) The problem of our forests. This should have been faced 50 years ago. We do not improve the situation by further delay. Timber, in the future, is going to cost us more, that is likely to be an added burden on our economy. We must devise the means of making a more efficient use of it, this is conservation of existing supply.

We must look forward to prevention of waste and reforestation as the method of restoring the balance, at the same time making use of land not suitable for agriculture and now idle. It would also provide shelter belts along highways thus lowering the cost of snow removal.

(3) There is the whole broad ques-

about the things you buy in wartime

Milk IS NOT ELASTIC

Milk is our most valuable food. It must provide us with milk to drink, with butter, cheese, evaporated and concentrated milk and a score of other products.

Canadian farmers have done a magnificent job. They have increased

milk production in 1943 by more than 540 million quarts over 1938.

They have done this in the face of a 25% reduction in farm help, equipment shortages, and the fact that it takes two to three years to bring a calf into milk production.

The production of milk and milk products in Canada has achieved a notable record. Careful planning makes the best use of every quart. But we must recognize the conditions that in these times we all can't get all we want.

Chadson
Wartime Prices & Trade Board

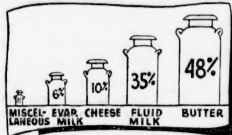

WHAT HAPPENS TO ALL THIS MILK?

In spite of greater production, the demand for milk and milk products has risen even more, because—

- (a) There's more money to spend;
- (b) More people are working, with changed food habits and increased food needs;

- (c) Our Armed Forces and Allies make heavy demands.

It has therefore been necessary by rationing, by subsidies, by careful planning and by other controls—to divert our milk supply into channels most suited to our various food needs.

The above graph shows in percentage how the total Canadian milk supply is used.

FLUID MILK

TAKES 35% OF OUR MILK

Because fluid milk is regarded by nutritionists as the most nearly perfect food, nothing has been allowed to interfere with its sale. Today, Canadians are drinking more milk and a greater percentage of our milk supply is being consumed as fluid milk—than ever before. Fluid milk has the right of way, but don't waste a drop of it.

BUTTER

TAKES 48% OF OUR MILK

IT TAKES 9 QUARTS OF MILK TO MAKE ONE POUND OF BUTTER

In the first three years of war, our butter consumption increased 10.9%. So, rationing was established to prevent too much milk going into butter, at the expense of other important milk products, and to insure a fair share to everyone.

The rationing of butter was influenced by the fact that it has less nutritive value than some other milk products, and because we get a generous supply of fats or their food equivalent in other forms.

To maintain a proper balance of consumption between various milk products and to ensure that butter is put into storage for winter use—when production drops—it is necessary to reduce the ration from time to time.

EVAPORATED MILK

TAKES 6% OF OUR MILK

More than twice as much (152 million lbs.) was used by Canadians this last year as in 1938 (74 million lbs.). And yet, there has not been enough.

Where has it all gone? It's an important food for babies—and there are 50,000 more of them a year. Larger quantities have gone to areas where fresh milk is not available. Armed Services have added new demands. In spite of this, our exports of evaporated milk to Great Britain, Newfoundland and the West Indies, etc., are maintained at pre-war level.

ICE CREAM AND OTHER MILK PRODUCTS

TAKE ABOUT 1 1/2% OF OUR MILK

The manufacture of ice cream is restricted to the 1941 level because milk is needed for other purposes.

Milk Powder and Condensed Milk are tak-

ing more milk. Milk sugar is used in the manufacture of Penicillin and for other wartime purposes. Casein (a milk by-product) is used in making glue for aeroplanes.

90% OF THE MILK PRODUCED IN CANADA IS CONSUMED IN CANADA

THE WARTIME PRICES AND TRADE BOARD

THIS IS THE FIRST OF A SERIES OF ADVERTISEMENTS GIVING THE FACTS ABOUT THE SUPPLY SITUATION OF VARIOUS WIDELY USED COMMODITIES

tion of research.

The fringes have only been touched the future holds the widest promise. I write now not only of scientific research as applied to industry and agriculture but to the whole problem of health and preventative medicine. Startling stories have appeared of late regarding discoveries in dental sci-

ence. We may be on the eve of great new ideas but these will not be the result of chance or accident, they will be the fruit of long and patient study of the problems involved.

In all these things we must consider costs in relation to probable results, the affect upon the producing capacity of the nation. If we are pre-

paring to spend as much in peace as we have spent on war, shouldn't we at least give consideration to methods of procedure. In the end production must precede consumption, the seed must be sown before the crop is produced and unless we can produce the volume of goods and services necessary to satisfy the new goals we are

seeking, we shall have deepened unrest rather than solved our problems.

In this proposal a large proportion of the money will go to those who do not need it. The fact that a father receives a bonus on a family of four or five children by no means proves that the children will be better clothed or

Elva Robison is enjoying a week's visit with Calgary friends.

Mr. and Mrs. D. A. Perry returned Saturday from their holiday trip.

Mrs. Freddie Hilton is visiting this week with Mrs. Vern Miner.

Capt. Ian MacKenzie spent the holiday week-end at home.

Neil Glendinning was home over the holiday.

Miss Fanny Tomelin has leased the Chase up-stair suite.

Mrs. T. S. Hughes, Mayor and Mrs. Gannon and Gordon, Mr. and Mrs. Howard Galbraith and Dobby motored to Banff for the holiday week-end.

Blood Donors are urgently needed. The Clinic meets Wednesday, September 13th, in the Memorial Hall.

F. O. T. S. Hughes will arrive next Sunday for a couple of days at home.

National Immigration Week Sept. 10th, to 16th.

Mr. S. Coldwell is to address the Lions at their meeting Thursday, 7th.

Do your bit to save some life, by giving to the Blood Donors Clinic on Wednesday, September 13th. This is an urgent and worthy appeal.

Gordon McFarland will leave shortly with Mr. Shulte to work at Canal Flats for some time.

Mr. and Mrs. Morrison and son Donald of Calgary, formerly of Edmonton were guests of the former's sister Mrs. T. E. Wright and Mr. Wright last week. Miss Rae Morrison is remaining for a few days longer.

A surprise party was arranged Sunday last for Mr. C. O. Dawson when a number of friends dropped in to celebrate the occasion of his birthday.

S. H. Crowther and Bonnie returned Tuesday from a holiday at Sylvan Lake and in Edmonton.

Lt. Charles MacLean who has been home on furlough from Wainwright returned on Thursday morning train from Calgary for the North again.

Mrs. L. A. Phillips was hostess Saturday last at a very enjoyable Tea. Out-of-town guests were Mrs. Morrison of Edmonton and Mrs. O. Wright of Calgary.

Mrs. Oliver Wright, who came from Calgary for the Moss' Hyde wedding returned Monday to her home. She will go on later to the Coast for a month's visit with friends.

Celebrating her husband's birthday Mrs. Lounsbury arranged a Family Party Sunday. Twenty-eight sat down to a sumptuous chicken dinner served at a long table set on the shaded lawn. It was also Floyd Joel's birthday but he was unable to be present. A jolly day was enjoyed.

The dwelling on Railroad Avenue lately occupied by Mrs. Christoffersen has been rented to Mrs. Hewitt, presently of Irricana.

The dwelling on 5th St. now occupied by Mr. and Mrs. Fred Spillman has been sold by them to Joseph Reid, presently of Heisker for his occupancy.

Mrs. Percy Wright has in her garden an apple tree planted only three years ago and this year has 29 fair-sized apples.

Miss Mary Silverthorne, who has spent the summer with her parents at Cheadle returned last week to Toronto, where she will resume her work in the Library of the Toronto University.

Mr. and Mrs. M. B. Garrett are leaving shortly for a holiday.

F. L. Art Clifford of the R. C. A. F. who has seen much service in England Italy and Egypt is now back in Calgary at Currie Barracks qualifying for further work in the R. C. A. F.

Mrs. Nicholl and Mrs. Willison have been enjoying a few days in Calgary.

The Namaka L. A. will meet Thursday at Mrs. Moss' home. Ladies are asked to bring thimble, thread and needle to work on the quilt blocks. Please note change of place.

Mr. and Mrs. McBeth and two sons of Gleichen will arrive in Strathmore during September to take up residence here. Mr. McBeth is succeeding Mr. Jack Downie in the C. P. R. Land Dept.

Thursday evening last an informal family supper was arranged at Mr. Harry Miners home in honor of Cpl. and Mrs. Donald Miner.

Mrs. May Sr. returned Thursday from a month's visit with her daughter Mrs. O'Reilly at Agassiz and at Vancouver.

Miss Virginia Begonia of Foremost is enjoying a visit with Mr. and Mrs. D. A. Perry.

Mrs. Frank Sowden will enjoy a week's holiday in Banff.

BRIDAL SHOWER IN KEOMA HALL FOR CPL. AND MRS. DON MINER

Wednesday evening August 30th, a very happy Bridal Shower was arranged by the Ladies Circle of Keoma in honor of Cpl. and Mrs. Donald Miner, whose marriage took place in Vancouver August 19th.

Contests and dancing passed the hours rapidly. At midnight a Buffet Supper was served to about one hundred guests. The bride's table was artistically decorated with a profusion of garden flowers.

Following delicious refreshments enjoyed by all, Mr. Mallett on behalf of the assembled guests, bespoke for the young couple, a happy voyage through life and hoped that prosperity contentment and good friends would be theirs. Also that the war would soon be over and so permit them to return again to their friends, where a warm welcome would be awaiting them.

Cpl. and Mrs. Miner responded in very happy manner expressing their sincere appreciation for the kindness extended them.

A table laden with beautiful gifts was placed before the honor guests, and passed for all to see. Guests were present from Strathmore, Cheadle, Lyalta, Calgary and Keoma.

L. A. C. Joe Hill is spending his furlough with his wife at Mr. and Mrs. Rellinger's home.

Mr. Geo. Kearns, a resident of this district for many years, celebrated his 78th Birthday in Calgary last week.

Flower Sunday will be observed in United Church Sunday, September 10th. Will anyone who has flowers to donate kindly send word to the Church Manse by Friday, September 8th.

Several local young people attended the baseball finals at Keoma on Sunday and report excellent contests.

Duncan Gordon spent several days visiting friends in Strathmore last week.

Several carloads of Strathmoreites attended the Model-T races in Calgary on the Labor Day holiday. They report a thrilling exhibition.

All Donors are requested to call at Dr. Giffen's Office for check over and to register.

Mr. and Mrs. C. Christensen have received word that their son, Filio Myron Christensen is returning to Canada on sick leave. Myron has been suffering from severe stomach trouble and is being given extended leave.

Sgt. T. J. Kildea is keeping well and still in England.

Little Brian Martin is undergoing a tonsil and adenoid operation in Calgary Friday. A complete and speedy recovery is hoped for.

Walter Bolesevain met a gentleman in England and asked him where he was from.

"Scotland," replied the gentleman. "Walter—Give me your hand. And what town in Scotland do you come from?"

"Scot"—Aberdeen, he lad. "Walter—Give me both your hands. The last man I met from Aberdeen pinched my watch."
